Water Well Registration Confirmation

This document serves as proof that Tom + Linda Baker on the 20th day of April, 2006, has registered with the Hays Trinity Groundwater Conservation District {Rule 3.2}. This registration hereby grants the recipient the explicit right to drill, equip, complete, or substantially alter the size of a well or pump within our District boundaries, which well is completed to produce 25,000 gallons or less (i.e. 17.36 gallons per minute or less) of groundwater per day. The owner of the well has duly paid the required \$300.00 fee.

This Application of Intent to Drill or Alter a Well is valid until July 19, 2006. An additional 90 day extension (up to a maximum of 270 days) may be obtained from the District upon request.

RE: PVC Well Casing Pricing

As you are already aware, Hurricane Katrina & Rita has created a problem in Resin Production. There are at least 3 resin production facilities in the surrounding New Orleans, Baton Rouge and Port Arthur that have ceased resin production at least temporarily for the short term.

Please review your prices shown below, all pipe will be invoiced @ time of delivery.

Thank you in advance for your understanding.
